

AMERICAN SCHOOL OF CREATIVE SCIENCE

The American School of Creative Science, Maliha, is a Pre-K – 12 NEASC accredited learning community that nurtures, cultivates, and fosters creative and critical thinking skills. The school follows the US Common Core State Standards for English and Math and Next Generation Science Standards for Science, while providing the MOE curriculum in Arabic, Islamic Studies, Social Studies, and Moral Education. ASCS is also renowned for its unique Quran memorization program.

At ASCS, course delivery methodology is based on world class renowned teaching strategies and best practices, with the aim to motivate students for tapping into and realizing their full potential, ensure the development of the “Whole Child”, and build self-confidence and self-awareness, which in turn enables independent learning.

The teachers at ASCS Maliha use differentiated instruction to cater to individual needs of the students, communicate regularly with parents, provide a safe and secure environment for learning, and use the latest technology to incorporate 21st century skills. At ASCS, English and Arabic departments adopt a common approach and ensure that links are established between the different subjects.

We are fortunate to be able to draw on the two decades of educational knowledge and expertise from our sister school (ISCS) in combining the very best of internationally renowned academic best practices.

Mrs. Majd C. Hussain

Principal's Message

It is my pleasure to welcome you to the American School of Creative Science! At ASCS, our aim is to offer the very best of academic instruction that combines US Curriculum with the Arabic, Islamic, and Social Studies for UAE. This is delivered in an environment that emphasizes strong moral values, ethos, and cultural traditions.

I bring to ASCS the benefit of over 23 years of experience in teaching, pastoral, coaching, mentoring, management capacities, and interactions with students, teachers, and parents both as an educator and an administrator at various British and American curriculum international schools. Moreover, I previously worked as a Director and Vice-Principal at our sister school, The International School of Creative Science.

ASCS has state-of-the-art facilities including effective systems for communication between parents and the school. Through ASCS's experienced and dedicated staff, we are committed to providing a safe, secure, positive, and supportive learning environment for your child. The school aims to instill confidence, self-esteem, morals, values, and life skills in every student from Kindergarten to Grade 12.

We encourage you to find out more about the school through our website, a school visit, or by calling our school. We will be extremely delighted to welcome you to ASCS!

How to Apply

Admissions to the American School of Creative Science will be conducted on a first come first served basis, in a fair manner. Admission is also based on entrance tests for each grade level. Prospective students are also required to undertake Cognitive Ability Tests on a published date and time.

Admission procedures for new students

Admissions to Pre-KG - Grade 12

- Complete the application form online, or at the relevant phase reception in the school.
- Submit a copy of your child's passport, copy of each parent's Emirates ID and most recent school report or (to whom it may concern) letter from your child's current school.
- Upon receipt of the application form, your child will be invited for an entrance exam and interview.
- Students of Pre-KG to KG 2 will be invited to school with their parents for an interview.
- Students of Grade 1 to 12 will be invited for a computerized examination & interview.
- Internal and external students applying for admission to the ASCS High School, should refer to the High School Admission Policy available at the Registration office, where details are outlined at length, including our requirements. All other registration and administrative requirements remain the same, as for other grade levels and as listed above.
- The Registration department, along with the Senior Leadership Team, will test and evaluate applications made throughout the year, on a case by case basis. Admissions will be based upon availability in the grade levels school/term reports, and entrance/Cognitive Ability Test results. All other registration and administrative requirements remain the same, as for other grade levels and as listed above.

If your application is successful and your child is offered a place, you will be notified by phone or email and be invited to complete the rest of the admission formalities.
